

Archives of Pediatrics

A Monthly Journal Devoted to the

Diseases of Infants and Children

EDITED BY

JOHN FITCH LANDON, A.B., B.S., M.D.

Attending Pediatricist, Roosevelt Hospital and St. Luke's Hospital;
Fellow New York Academy of Medicine, New York City.

VOLUME LXXIV
JANUARY TO DECEMBER
1957

E. B. TREAT & CO., INC., Publishers
45 East Seventeenth Street
NEW YORK

LIST OF CONTRIBUTORS

AGERTY, HORST A.
AWWAAD, S.

BRADLEY, WILLIAM C.
BRESLAU, ROGER C.
BROWN, CLAUDE P.
BROWN, EDWARD E.
BURROWS, STANLEY
BUSH, JR., HUBERT S.

COHEN, ROBERT

DESTUNIS, GEORG
DURLING, DOROTHY

ECKER, ROGER R.
EISA, E. A.
ESEN, FATMA MUNIRE

FISCHER, CARL C.
FRIEDLANDER, ALFRED

GEORGE, ARIAL WELLINGTON
GINSBERG, VICTOR

GOLINKO, RICHARD J.
GRAHAM, EDWIN E.
GRIFFEL, A.

HOHN, ARNO R.
HOWLAND, JOHN

JULIA, JUAN, F.

KAESSLER, HENRY, W.
KNOX, JR., J. H. MASON
KIMBALL, REUEL B.

LaFÉTRA, L. E.
LITCHFIELD, HARRY R.
LYNXWILER, C. P.

MAJIMA, EIICHI
MAUTNER, HANS
MONTFORT, E.
MOSER, AUGUST

NISHIZAWA, YOSHITO
NEUMANN, H. H.

RASKIN, NAOMI
RICHARDS, A. N.
ROBBINS, HERMAN
ROTCH, THOMAS MORGAN

SCHWARTZ, PH.
STADLER, HAROLD E.
STROH, RUBY H.
SURE, BARNETT

INDEX TO VOLUME LXXIV

Actinomycosis, cervical in a three year old child	491
Acute leukemia, the breath in	314
Addison's disease in a nine-year-old girl.....	443
Adrenal steroids and corticotropin as adjuncts to the treatment of tuberculous meningitis	242
Affections, diarrheal, of infants, relation to the bacilli belonging to the so-called dysentery group to. Knox, Jr.	428
Agerty, Horst A. and Fischer, Carl C. Prevention and treatment of seborrhea capitis with an antibacterial emulsion containing methyl- benzethonium chloride	219
Allergy, hair as a prognosticator of. Cohen	278
Allergy, role of, in nephrosis	156
Amino acids, various, and vitamin B ₁₂ , the beneficial effect of addition of, and the protein efficiency of various pabulums. Sure	81
Ammonia "diaper rash." Dermatitis, a study in biological and chemical control. Brown and Wilson	90
Anemia, haemolytic, erythroblastosis fetalis. Litchfield and Ginsberg....	2
Anemia, Heinz-body, in the newborn	282
Anemia, iron-deficiency, in children and treatment with iron-dextran....	365
Anemia, Mediterranean, studies of the blood lipids in children with....	155
Anemia, sickle cell, pulmonary and small bone changes in infants with..	317
Anhydrase, carbonic, inhibitors of, in pediatric therapy	302
Announcement, editorial	1
Antigenic potency of poliomyelitis vaccine	154
Antibiotics, resistance of bacteria to. Ecker	16
Aorta, coarctation of, surgical treatment of children with	79
Atresia, congenital, of the esophagus with tracho-esophageal fistula. A review. Golinko and Hohn	223
Awwaad, S. and Eisa, E. A. Studies of normal serum alkaline phos- phatase in Egyptian infants and children	370
Bacteria, resistance of, to antibiotics. Ecker	16
BCG, oral, vaccination with massive doses in initial tuberculosis of children	99
Blood pressure, neonatal, in relation to maturity, mode of delivery, and condition at birth	242
Book reviews	80, 157, 200, 320, 366, 444
Bradley, William C. Sickle cell-hemoglobin C disease	8
Brain damage after febrile convulsions	318
Brain tumor in the newborn infant	117
Breslau, Roger C. Hypervitaminosis A.	139, 178
Brown, Claude P. and Wilson, Frederic H. Dermatitis. A study in biological and chemical control of ammonia "diaper rash"	90
Brown, Edward E. Tics (habit spasms) secondary to sinusitis	39
Burrows, Stanley. Capillary fragility of the newborn infant	51
Bush, Jr., Hubert S. Epidemiology of myopia	58

Capillary fragility of the newborn infant. Burrows	51
Cerebral palsy, use of reserpine in	78
Cerebrospinal fluid findings in diphtheritic paralysis	316
Cervical actinomycosis in a three year old child	491
Chlorpromazine therapy in children at the Florida Farm Colony	280
Chlortetracycline for prophylaxis of streptococcal disease.....	198
Chronic abdominal pain in children	46
Cirrhosis, idiopathic, as a form of hepatolenticular degeneration (Wilson's disease)	284
Clinical contribution and synthetic review; Morgagni-Adams-Stokes syn- drome in infancy	420
Cohen, Robert. Hair sign as a prognosticator of allergy.	278
Comparative evaluation of powdered whole milk (Klim) with evaporated milk. Litchfield	131
Congenital atresia of the esophagus with tracheo-esophageal fistula. A review. Golinko and Hohn	223
Congenital heart malformations in mongolism with special reference to ostium atrioventriculare commune. Esen	243
Constipation, a physiological approach to the problem of, in pediatric practice. Montfort and Lynxwiler	407
Convulsions, febrile, brain damage after	318
Corticotropin and adrenal steroids as adjuncts to the treatment of tuberculous meningitis	242
Cortisone and isoniazid, effect of, in children vaccinated with ECG....	492
Current preventative problems of child health	156
Cysts, primary mediastinal, and neoplasms in infants and children.....	116
Deficiency, mental, treatment of, and encephalopathies in childhood by means of fresh tissue and siccacell. Destunis.....	285
Dermatitis; a study in biological and chemical control of ammonia "diaper rash". Brown and Wilson	90
Dermatitis of the diaper region. A new remedy for an old affliction. Kaessler	47
Destunis, Georg. Treatment of mental deficiency and encephalopathies in childhood by means of fresh tissue and siccacell.....	285
Diagnosis of the mild form of chronic rheumatic heart disease in children and young adults. Robbins.....	367
Dicumarol, long-term, administration as a therapeutic trial in sicklemia. Report of a case	316
Diet, phenylalanine-restricted, effect of, in phenylketonuria II	399
Diphtheria, present distribution of, in the United States.....	365
Disturbed child	442
Durling, Dorothy and Esen, Fatma Munire. Treatment of fourteen mentally retarded boys with Sparine	471
Dystrophica, myotonia. Esen and Raskin.....	384
ECHO virus type 6, isolation of, during outbreak of seasonal aseptic meningitis	114

Ecker, Roger R. Resistance of bacteria to antibiotics.....	16
Effect of phenylalanine-restricted diet in phenylketonuria II	399
Effect of salicylates and adrenocortical hormones on C-reactive protein	316
Eisa, E. A. and Awwaad S. Studies of normal serum alkaline phosphatase in Egyptian infants and children.....	370
Electroencephalographic spike foci, significance of, in patients with cerebral palsy without epileptic seizures.....	155
Electroencephalographic studies of cerebral trauma of labor.....	314
Empyema, staphylococcal, treatment of, in children.....	117
Encephalopathies and mental deficiency, treatment of, in childhood by means of fresh tissue and siccacell. Destunis.....	285
Enuresis, chronic, poor weight gain, and poor appetite, treatment of institutional children. Vignec; Moser and Julia	119
Epidemiology of myopia. Bush.....	58
Erythroblastosis fetalis, haemolytic anemia. Litchfield and Ginsberg....	2
Esen, Fatma Munire and Durling, Dorothy. Treatment of fourteen mentally retarded boys with Sparine	471
Esen, Fatma Munire and Mautner, Hans. Hypo- and hyperthyroidism in mongolism	291
Esen, Fatma Munire and Raskin, Naomi. Myotonia dystrophica.....	384
Esen, Fatma Munire. Congenital heart malformations in mongolism with special reference to ostium atrioventriculare commune.....	243
Esen, Fatma Munire. Lymphatic leukemia in an older mongoloid.....	412
Esophagus, congenital atresia of, with tracheo-esophageal fistula. A review. Golinko and Hohn.....	223
Evaluation of a fortified multivitamin formula as a supplement to feeding in newborns and early infancy. Litchfield	463
Evaporated milk in infant feeding.....	446
Exomphalos	102
Explosive behavior anomalies in children on an epileptic basis	153
Eye pain and headache, observations on, in a group of school children..	118
Favism, case of	366
Fever, typhoid, in children	315
Fischer, Carl A. and Agerty, Horst A. Prevention and treatment of seborrhea capitis with an antibacterial emulsion containing methyl- benzethonium chloride	219
Fistula, tracheo-esophageal, congenital atresia of the esophagus with. Golinko and Hohn	223
Fluid regulation in nephritis and nephrosis of childhood.....	218
Formula, fortified multivitamin, evaluation of, as a supplement to feeding in newborns and early infancy. Litchfield	463
Fractures of the upper extremity in children.....	130
Free diets in the treatment of diabetic children.....	113
Friedlander, Alfred. Status lymphaticus and enlargement of the thymus. With report of a case successfully treated by the x-ray	67
Galactosemia	284

Gastric digestion of homogenized milk in infants.....	66
George, Ariel Wellington and Rotch, Thomas Morgan. A study of the early conditions of osteomyelitis in young children by the röntgen ray	33
Glomerulonephritis, immunologic basis of, and the nephrotic syndrome..	399
Golinko, Richard J. and Hohn, Arno R. Congenital atresia of the esophagus with tracheo-esophageal fistula. A review	223
Graham, Edwin E. The results of decapsulation of kidneys for nephritis in children with report of a case in a child of twenty-six months...	103
Growth of juvenile diabetics	177
Growth problems in children. Wilkes.....	343
Griffel, A. Latest developments in dry cell therapy (siccacell).....	325
Hair signs as a prognosticator of allergy. Cohen	278
Headache and eye pain, observations on, in a group of school children...	118
Heart disease, chronic rheumatic, diagnosis of the mild form of, in children and young adults. Robbins.....	367
Heinz-body anemia in the newborn.....	282
Hemangiomas—treated and untreated	490
Hematology of lead poisoning in childhood.....	113
Haemolytic streptococci on the neonatal umbilicus	113
Hematoma, chronic subdural, in the infants study of 31 cases.....	7
Hematoma, subdural, in infants.....	38
Hemorrhage of syphilitic origin in the newborn. Wilson.....	356
Hepatitis, infectious, in children.....	222
Hepatolenticular degeneration (Wilson's disease) as a form of idiopathic cirrhosis	284
Hernia, umbilical, adhesive strapping for, in infant clinical trial.....	114
Hiccups: pathogenesis and therapy.....	241
Histological changes of the pyloric myenteric plexus in infantile pyloric stenosis. Studies on surgical biopsy specimen.....	115
Hohn, Arno R. and Golinko, Richard J. Congenital atresia of the esophagus with tracheo-esophageal fistula. A review.....	223
Hormones, adrenocortical and salicylates, effect on C-reactive protein..	316
Howland, John and Richards, A. N. Some possible etiological factors in the recurrent vomiting of children	303
Human fetomaternal passage of erythrocytes.....	199
Hyaluronidase, subcutaneous injections of, two cases of scleroderma in infants cured by	462
Hydroceles of the testicles complicating inguinal hernias.....	118
Hydrocortisone, intrathecal, in the treatment of tuberculous meningitis	282
Hyper- and hypothyroidism in mongolism. Esen and Mautner	291
Hyperadrenocorticism, possible influence of, on the foetus of the diabetic woman	281
Hypervitaminosis A. Breslau	139 and 178
Hypo- and hyperthyroidism in mongolism. Esen and Mautner	291

Hypothyroidism and metabolic insufficiency, treatment of, with sodium liothyronine. Preliminary report.....	315
--	-----

Immunogenicity in children of ultraviolet-treated poliomyelitis vaccine..	78
Immunologic basis of glomerulonephritis and the nephrotic syndrome..	399
Immunization of infants with living attenuated poliomyelitis virus. Lab- oratory investigations of alimentary infection and antibody response in infants under six months of age with congenitally acquired anti- bodies	37
Infections, staphylococcal, in newborn infants. Report of 19 epidemics caused by an identical strain of <i>Staphylococcus pyrogenes</i>	398
Informing the parents of the mentally retarded child.....	115
Inhibitors of carbonic anhydrase in pediatric therapy.....	302
Inoculation, accidental, with poliomyelitis virus.....	89
Insufficiency, metabolic, treatment of, and hypothyroidism with sodium liothyronine. Preliminary report.....	315
Intestinal intoxication in infants. Kimball	475
Intoxication, intestinal, in infants, Kimball	475
Intrathecal hydrocortisone in the treatment of tuberculous meningitis..	282
Iron-dextran, treatment with, of iron-deficiency anemia in children....	365
Isoniazid and cortisone, effect of, in children vaccinated with ECG.....	492

Julia, Juan, F.; Vignec, Alfred J. and Moser, August. Treatment of chronic enuresis, poor weight gain, and poor appetite in institutional children	119
--	-----

Kaessler, Henry W. Dermatitis of the diaper region. A new remedy for an old affliction.....	47
Kidneys, results of decapsulation of, for nephritis in children with re- port of a case in a child of twenty-six months. Graham.....	103
Kimball, Reuel B. Intestinal intoxication in infants	475
Knox, Jr., J. H. Mason. Relation of the bacilli belonging to the so- called dysentery group to the diarrheal affections of infants.....	428

Labor, cerebral trauma of, electroencephalographic studies of.....	314
La Fétra, L. E. Tuberculous cervical lymph nodes in an infant of four months	421
Latest developments in dry cell therapy (siccacell) Griffel.....	325
Lead poisoning, hematology of, in childhood	113
Leukemia, acute, the breath in.....	314
Leukemia, lymphatic, in an older mongoloid. Esen.....	412
Litchfield, Harry R. Comparative evaluation of powdered whole milk (Klim) with evaporated milk.....	131
Litchfield, Harry R. Evaluation of a fortified multivitamin formula as a supplement to feeding in newborns and early infancy.....	463
Lymphatic leukemia in an older mongoloid. Esen.....	412

Lymphnode tuberculosis. A decisive factor in pulmonary pathology. Schwartz	159 and 201
Lymph nodes, tuberculous cervical, in an infant of four months. La F��tra	421
Lynxwiler, C. P. and Montfort, E. Constipation, a physiologic approach to the problem of, in pediatric practice.....	407
Majima, Eiichi and Nishizawa, Yoshito. Studies on the pathway of infection of poliomyelitis.....	449
Malformations, congenital heart, in mongolism with special reference to ostium atrioventriculare commune. Esen.....	243
Mautner, Hans and Esen, Fatma Munire. Hypo- and hyperthyroidism in mongolism	291
Meningitis, aseptic, outbreak of, caused by Coxsackie B ₅ virus. Laboratory, clinical and epidemiologic study.....	442
Meningitis, <i>Pseudomonas pyocyanea</i> , successfully treated with polymyxin	324
Meningitis, tuberculous, corticotropin and adrenal steroids as adjuncts to the treatment of.....	242
Meningitis, tuberculous, in infants, clinical forms and therapy	323
Meningitis, tuberculous, intrathecal hydrocortisone in the treatment of..	282
Mental ability and school achievement of premature children at 8 years of age	199
Mental deficiency and encephalopathies in childhood, treatment of, by means of fresh tissue and siccacell. Destunis.....	285
Metabolic insufficiency and hypothyroidism, treatment with sodium liothyronine. Preliminary report.....	315
Milk, comparative evaluation of powdered whole (Klim), with evaporated milk. Litchfield.....	131
Milk, evaporated, in infant feeding.....	446
Mongolism, hypo- and hyperthyroidism in. Esen and Mautner.....	291
Mononeucleosis, infectious, neurologic manifestations of	398
Montfort, E. and Lynxwiler, C. P. A physiologic approach to the problems of constipation in pediatric practice.....	407
Morgagni-Adams-Stokes syndrome in infancy; synthetic review and clinical contribution	420
Moser, August; Julia, Juan F. and Vignec, Alfred J. Treatment of chronic enuresis, poor weight gain, and poor appetite in institutional children	119
Myasthenia gravis: diagnosis of atypical forms.....	319
Myasthenia gravis: four cases.....	152
Myasthenia gravis in early childhood.....	342
Myopia, epidemiology of. Bush.....	58
Myotonia dystrophica. Esen and Raskin.....	384
Neonatal blood pressure in relation to maturity, mode of delivery, and condition at birth.....	242
Nephritis, fluid regulation in, and nephrosis of childhood.....	218
Nephritis, infectious, and streptococci.....	313

Nephrosis, role of allergy in	156
Neoplasms and primary mediastinal cysts in infants and children.....	116
Neumann, H. H. Milk and water intake of small children. A survey of drinking habits	456
Neurologic manifestations of infectious mononucleosis.....	398
Nishizawa, Yoshito and Majima, Eiichi. Studies on the pathway of infection of poliomyelitis.....	449
Nutrition, complete parenteral, possibilities for.....	441
Obituary—Edwin C. Treat.....	355
Observations on the food habits of myopic children.....	37
Observations on natural poliovirus infections in immunized children....	283
Oral BCG vaccination with massive doses in initial tuberculosis of children	99
Osteomyelitis, a study of the early conditions of, in young children by the röntgen ray. Rotch and George.....	33
Ostium atrioventriculare commune, congenital heart malformations in mongolism with special reference to. Esen.....	243
Pancreas, cystic fibrosis of, a simple test for the detection of excessive chloride on the skin	79
Paralysis, diphtheritic, cerebrospinal fluid findings in	316
Pathology, pulmonary, lymphnode tuberculosis as a decisive factor in. Schwartz	159 and 201
Phenylketonuria II, effect of phenylalanine-restricted diet in	399
Phosphatase, normal serum alkaline, studies of, in Egyptian infants and children. Awwaad and Eisa.....	370
Physiologic approach to the problems of constipation in pediatric practice. Montfort and Lynxwiler.....	407
Poliomyelitis, a fatal case of, in a newborn infant delivered by cesarian section following maternal death due to poliomyelitis.....	324
Poliomyelitis, deaths from, among British doctors.....	318
Poliomyelitis, the pathway of infection of, studies on. Nishizawa and Majima	449
Poliovirus infections, observations on, in immunized children	283
Polymyxin, <i>Pseudomonas pyocyanea</i> successfully treated with.....	324
Possibilities for complete parenteral nutrition.....	441
Pregnancy, frequency of defects in infants whose mothers had rubella during	443
Present-day prognosis of clinically acute pulmonary miliary tuberculosis meningitis	32
Prevention and treatment of seborrhea capitis with an antibacterial emulsion containing methylbenzethonium chloride. Agerty and Fischer..	219
Prophylaxis, chlortetracycline for, of streptococcal disease.....	198
Prophylaxis of allergic disease with special reference to the newborn infant	198
Protein, C-reactive, effect of salicylates and adrenocortical hormones on	316
Protein efficiency of various pabums and the beneficial effect of addition of various amino acids and vitamin B ₁₂ . Sure	81

<i>Pseudomonas pyocyanea</i> meningitis successfully treated with polymyxin.	324
Psychosis in childhood.	283
Pulmonary and small bone changes in infants with sickle cell anemia.	317
Raskin, Naomi and Esen, Fatma Munire. Myotonia dystrophica.	384
Recurrent vomiting of children, some possible etiological factors in.	
Howland and Richards.	303
Relation of the bacilli belonging to the so-called dysentery group to the diarrheal affections of infants. Knox, Jr.	428
Reserpine, use of, in cerebral palsy	78
Resistance of bacteria to antibiotics. Ecker.	16
Responsibilities of the medical profession in the use of x-rays and other ionizing radiation. United Nations Scientific Committee.	100
Results of decapsulation of the kidneys for nephritis in children with report of a case in a child of twenty-six months. Graham.	103
Retinoblastoma, combination therapy of, with triethylene melamine and radiotherapy	116
Richards, A. N. and Howland, John. Some possible etiological factors in the recurrent vomiting of children.	303
Robbins, Herman. Diagnosis of the mild form of chronic rheumatic heart disease in children and young adults.	367
Rotch, Thomas Morgan and George, Ariel Wellington. A study of the early conditions of osteomyelitis in young children by the röntgen ray	33
Rubella, frequency of defects in infants whose mothers had, during pregnancy	443
Salicylates and adrenocortical hormones, effect on C-reactive protein.	316
Salk vaccine and the response to a serologic and clinic survey of poliomyelitis in Caracas, Venezuela, and Galveston, Texas.	153
Schwartz, Ph. Lymphnode tuberculosis. A decisive factor in pulmonary pathology	159 and 201
Scleroderma, two cases of, in premature infants cured by subcutaneous injections of	462
Seborrhea capitis, prevention and treatment of, with an antibacterial emulsion containing methylbenzethonium chloride. Agerty and Fischer	219
Sensitization, systemic, and <i>Staphylococcus albus</i> . Stadler and Stroh.	378
Siccacell and fresh tissue, treatment of mental deficiency and encephalopathies in childhood by means of. Destunis	285
Siccacell (dry cell) therapy, latest development in. Griffel.	325
Sickle cell anemia, pulmonary and small bone changes in infants with.	317
Sickle cell-hemoglobin C disease. A case report and review of the literature. Bradley	8
Sicklelema, long-term dicumarol administration as a therapeutic trial in. Report of a case.	316
Sinusitis, tics (habit spasms) secondary to. Brown	39

Some possible etiological factors in the recurrent vomiting of children.	
Howland and Richards.....	303
Sparine, treatment of fourteen mentally retarded boys with. Esen and Durling	471
Stadler, Harold E. and Stroh, Ruby H. Staphylococcus albus and systemic sensitization.....	378
Staphylococcal empyema, treatment of, in children.....	117
Staphylococcal infections in newborn infants. Report of 19 epidemics caused by an identical strain of Staphylococcus pyogenes.....	398
Streptococci, haemolytic, on the neonatal umbilicus.....	113
Staphylococcus albus and systemic sensitization. Stadler and Stroh....	378
Staphylococcus pyogenes, report of 19 epidemics caused by an identical strain of, staphylococcal infections in newborn infants.....	398
Status lymphaticus and enlargement of the thymus. With report of a case successfully treated by the x-ray. Friedlander.....	67
Streptococci and infectious nephritis.....	313
Stroh, Ruby H. and Stadler, Harold E. Staphylococcus albus and systemic sensitization	378
Studies in cystic fibrosis of the pancreas; a simple test for the detection of excessive chloride on the skin.....	79
Studies of the blood lipids in children with Mediterranean anemia.....	155
Study of the early conditions of osteomyelitis in young children by the röntgen ray. Rotch and George.....	33
Study of the nonhypnotic calmative effect of 2-ethylcrotonylurea (nostyn) in children with behavior problems.....	317
Studies of normal serum alkaline phosphatase in Egyptian infants and children. Awwaad and Eisa.....	370
Studies on the pathway of infection of poliomyelitis. Nishizawa and Majima	449
Stuttering: evaluation and treatment.....	280
Sure, Barnett. Protein efficiency of various pablums and the beneficial effect of addition of various amino acids and vitamin B ₁₂	81
Surgical treatment of children with coarctation of the aorta.....	79
Survey of drinking habits; milk and water intake of small children. Neumann	456
Syndrome, Morgagni-Adams-Stokes, in infancy; synthetic review and clinical contributions	420
Syndrome, nephrotic and immunologic basis of glomerulonephritis.....	399
Synthetic review and clinical contribution. Morgagni-Adams-Stokes syndrome in infancy.....	420
Therapy, chlorpromazine, in children at Florida Farm Colony.....	280
Therapy, dry cell (siccacell), latest developments in. Griffel	325
Therapy, pediatric, inhibitors of carbonic anhydrase in	302
Threadworm infestations, mass therapy with piperazine adipate in the control of	115
Tics (habit spasms) secondary to sinusitis. Brown.....	39

Treatment with iron-dextran of iron-deficiency anemia in children.....	365
Treatment of chronic enuresis, poor weight gain, and poor appetite in institutional children. Vignec; Moser and Julia	119
Treatment of mental deficiency and encephalopathies in childhood by means of fresh tissue and siccacell. Destunis	285
Treatment of metabolic insufficiency and hypothyroidism with sodium liothyronine. Preliminary report	315
Tuberculosis, lymphnode. A decisive factor in pulmonary pathology. Schwartz	201
Tuberculous cervical lymph nodes in an infant of four months. La F��tra	421
Tuberculous meningitis in infants. Clinical forms and therapy.....	323
Tumor, brain, in the newborn infant.....	117
Typhoid encephalopathy in children	492
Typhoid fever in children.....	315
Typhoid in pregnancy as cause of neuropsychiatric disorders in infants. Three cases	197
Umbilicus, neonatal, haemolytic streptococci on.....	113
Unexpected death in early life.....	38
Urography, subcutaneous, in infants.....	318
Vaccination with avianized smallpox vaccine	411
Vaccine, avianized smallpox, vaccination with	411
Vignec, Alfred J.; Moser, August and Julia, Juan F. Treatment of chronic enuresis, poor weight gain, and poor appetite in institutional children	119
Virus, Coxsackie B ₅ , outbreak of aseptic meningitis caused by. Laboratory, clinical and epidemiologic study.....	442
Vitamin B ₁₂ and various amino acids, the beneficial effect of addition of, and the protein efficiency of various pablums. Sure.....	81
Wilkes, Edward T. Growth problems in children.....	343
Wilms' nephroblastoma, bilateral.....	15
Wilson's disease (hepatolenticular degeneration) as a form of idiopathic cirrhosis	284
Wilson, Frederic H. and Brown, Claude P. Dermatitis. A study in biological and chemical control of ammonia "diaper rash.".....	90
Wilson, W. Reynolds. Hemorrhage of syphilitic origin in the newborn..	356
X-rays and other ionizing radiation, the responsibility of the medical profession in the use of. United Nations Scientific Committee.....	100
